

7TH GRADE WEEKLY OVERVIEW

Week of November 16th- November 20th

Announcements & Upcoming Events:

Wednesday, November 18th- Picture Retake Day

Thursday, November 19th- School Board Meeting 7PM

Next Week- No School Wed-Friday for Thanksgiving Holiday

8th Grade Student Government Announcement:
The first dance will be on Friday, December 11th

Language Arts:

This week we'll work hard to make sure you all get started with your WE Talk by choosing a topic and then completing some research. On Thursday we'll work on creating an outline that will be due on Friday.

You'll get your Reading Responses back this week, too. If your overall score is less than 3 you'll have the opportunity to resubmit a reading response that you revise to show that your understanding of the skills being assessed. Use the rubric and outline to help you and come and talk with me about any questions.

Friday- Outlines DUE

Friday- Reading Response Revisions DUE if you choose to redo

Math:

This week we will focus on wrapping up the Geometry Test, conferencing and writing about the term in math, and Goal Work. I will have all the tests back to you by Tuesday and morning math on Wednesday will be review for the retake. If you can't make morning math, there will be another review session after school on Wednesday. If you are planning on retaking the test, you must attend one of the review sessions. If those times don't work we can talk. The retake will be before or after school on Thursday. Homework this week will be goal work related.

Homework due on:

Wednesday - Goal work HW due

Science:

This week in science we will finish up with comets, meteors & asteroids. We will learn about some of the telescopes and probes that have been helpful in getting the data we have about each planet in our solar system. We will examine some planet data and work on making two graphs using some of that data. If time allows in the week, we will learn about different types of galaxies, including our Milky Way galaxy.

Homework:

Monday - take home and share 1st Astronomy science quiz with parents

Due Tuesday: Venn Diagram of comets/meteors/asteroids

Due Friday: Two planet graphs.

Social Studies:

We're back to a regular rotation schedule this week. We'll continue our study of the US government a little more before beginning our next unit on Personal Finance. Your SS Assessments will be coming back to you soon and you'll have a chance to talk with your discussion leader about your scores.

Friday- Research to share with Discussion Group

ESPAÑOL: "**Unos dicen lo que saben y otros saben lo que dicen.**" (*Some say what they know and others know what they say.*)

Español de la Comunidad (Mon): Buscaerrores (Find the Errors)

Miércoles (Wed): DUE - Buscaerrores. Fall grading period closes.

Viernes (Fri): Portfolio Quick Checks
