

7TH GRADE WEEKLY OVERVIEW

Week of January 4th- 8th

Announcements & Upcoming Events:

Monday, January 18th- No School- Civil Rights Day

Language Arts:

This week we'll begin our WE Talk presentations! We start on Thursday and continue Friday. We'll spend the first part of the week practicing and preparing ourselves to present. Your homework is to practice and to practice, and to practice, and to practice, and to practice. Then you should practice some more. Remember, quality practice makes quality performance.

Math: We will go over our proportion classwork and add proportions to our study guides. Then there will be a quick quiz on what we have done so far on Wednesday. Then we will begin scale! We will learn how to use ratio and proportion to make things bigger or smaller, but keep them proportional to the original object. Homework will be to study for the quiz and get any questions answered before the quiz and there will be a short homework on scale due Friday.

Homework due on:

Wednesday: Study for the quiz on: ratio, multiplicative comparisons, unit rates, and proportions

Friday: Scale HW due

SCIENCE:

This week's ASTRONOMY test will be on Monday and Tuesday. The rest of our week will be spent on Astronomy simulations, Scientific method and Current Events.

Homework:

Due Friday - Current events summary

Social Studies:

Our simulation setup begins. Your bills need to be paid by the end of Monday. We'll set things set up and running this week while we also will continue our lessons on all the elements or personal finance.

Research Due Friday

ESPAÑOL: "La cara es el espejo del alma." (The face is the window to the soul.)

Español de la Comunidad (Mon): Skit Drafting Session

Miércoles (Wed): Written Skills Checklist Assessment (Terrain Park Version)

Viernes (Fri): Expressing Emotions Using ESTAR + ADJECTIVE
