Friday, April 1st - No School for Students, Teacher Workshop Day

Next Week- March 28th-April 1st- Production Week for NHS Musical “The Lion King”

The Lion King performances:

Thursday, March 31st- 7PM

Friday, April 1st- 7PM

Saturday, April 2nd- 2PM and 7PM

ELECTIONS:

Tuesday- Declare your candidacy for President, Vice President, Secretary during a brief whole-class meeting

Thursday- Whole Class Meeting, all candidates deliver a speech and then we return to homerooms to vote.

Class Representatives will be chosen in your homerooms on Friday

Language Arts:

Last week every group made progress and then voted to continue our UN debate. So we'll wrap things up on Monday and Tuesday after first going over a few things for the essay that is due on Friday.

We'll spend Wednesday's class going over some specific requirements of the essay as well as reviewing the outline. You'll be given the outline on Monday and it needs to be completed by Wednesday. You can start working on the essay itself, but the outline is to help you organize your ideas and to make sure that you have specific evidence to support your argument.

Wednesday: Syrian Crisis Outline DUE

Thursday: Debate reflection DUE

Friday- First draft of Syrian Crisis Essay DUE

Math:

This week we will spend time practicing what we have learned and studying for the Unit Test. This will either be on Friday or early next week. The test will be on Probability, All the ways to find total outcomes: tree diagrams, organized lists, the Fundamental Counting Principle, Permutations, and Combinations, Experimental vs.

Theoretical probability, finding the probability of multi-stage events using the multiplication rule, and independent vs. dependent events. Homework this week will be to copy the notes into your study guide and complete the practice problems.

Homework due on:

Friday - Study Guide and practice problems

SCIENCE:

This week in science students will conduct a lab on Newton's 3rd law and will share their data with the rest of the class the next day. They will also begin work on Episode 3 of their roller coaster project. The quiz over Newton's Laws will be on Wednesday.

Homework:

Wednesday - Quiz over Newton's Laws

Thursday - Speed & Acceleration homework due. (Quiz the following week).

Social Studies:

This week you'll learn about Stock Investment in the lesson and we'll work on some more skills about writing essays and arguments in the activity.

Research due Friday

ESPAÑOL: “Perro labrador, poco mordedor.” (Barking dogs seldom bite.)
